

# Gascon Custom Milling

## Order Form

**Gascon Custom Milling** started when Victor and Dana Gascon saw the need to mix organic animal feeds with good minerals and vitamin supplements. There is an increasing demand for animal feeds that are not filled with GMO ingredients and other by-products that serve only as fillers but do not offer nutrition. There are also the health issues that arise from GMO crops and the pesticides used to grow them, when people consume them or the animals raised on feeds that contain them.

They also found that the Fertrell Nutri-Balancers were the best on the market, trusted by numerous farmers in North America and elsewhere, including Joel Salatin, the famous organic farmer, author, and speaker.

Alyssa Wash and Jeff Mattocks, the author of "Pastured Poultry Feeding and Management," both animal nutritionists at Fertrell, formulated some rations for Gascon Custom Milling, to insure that the rations you can custom order are balanced and meet the nutritional needs of your animals.

### Instructions for filling in the forms below:

**A.** If you want us to mix **a ration with your recipe**, use the **top table** and:

1. Put a **check mark** next to the ingredients you want us to use;
2. In the "Amount" column, indicate the **amount of each ingredients** you want us to use in percentage;
3. Indicate **the total weight** you want us to mix for you in the total weight box at the bottom of the "Amount" column.

**B.** If you do not have a specific ration you want us to mix for you, you are free to order one of the **proven custom blends** in the **second table**. Other rations are available upon request, so if you have other needs like swine, geese, ducks or turkeys, let us know and it can be made as well. Please indicate the **total weight in kilogram** you want to order in the column labelled "Quantity." **Check your bagging preference.** We have tote bags available for \$20, small bags for \$2, and pallets for \$15. You can bring them back for refill after the first purchase, or bring your own bags. If you want to use your own, please let us know at the time of order.

When your order form is completed, please sign, scan, and email it to us. We will contact you to confirm the order, provide you with a price, and to let you know when the order will be ready for pick up or delivery. All prices are subject to GST. If you need shipping, let us know and we will provide a shipping quote. Deliveries are available upon request and the fee will depend on your location. You are free to pick up your order by appointment only. **Since we only do custom milling, we can only mix your order once we have received your signed order form and we do not stock any mixed feed.**

Preferred methods of payment are cheque, cash and e-transfers.

**Return policy:** Since each blend is mixed as a special order, and due to CFIA regulations, we are not able to accept any returns, so all sales are final. If you are unsure if a ration will work for you, please start by ordering a smaller quantity.

Gascon Custom Milling produces high quality products, but we cannot guarantee the results on your animals in terms of growth or health as those are also factors of other parameters that we have no control over such as improper storage after purchase. We therefore cannot be held liable in case of losses or health issues with your animals.

Check	Ingredients Available	Amount in %
<input type="radio"/>	Organic Wheat (Hard Red Spring Wheat)	
<input type="radio"/>	Organic Wheat (Red Fife)	
<input type="radio"/>	Organic Non-GMO Roasted Soy Beans	
<input type="radio"/>	Organic Field Peas	
<input type="radio"/>	Organic Barley	
<input type="radio"/>	Organic Oats	
<input type="radio"/>	Organic Cane Molasses	
<input type="radio"/>	Fertrell PNB	
<input type="radio"/>	dl-Methionine	
<input type="radio"/>	High Protein Crab Meal	
<input type="radio"/>	Organic Alfalfa Pellets	
<input type="radio"/>	Fertrell Aragonite	
<input type="radio"/>	Redmond Salt	
<input type="radio"/>	Fertrell Swine Grower	
<input type="radio"/>	Fertrell Grazier's Choice	
<b>Total Weight</b>		<b>Kg.</b>

**We will contact you via email with a cost once we receive your order to confirm it. If you do not have a ration, feel free to chose one of the rations below. We only do custom milling, so all mixing is done as a special order with a signed order form.**
